Hair type - Straight, Thick hair. Unsure about porosity. Short hair that primarily stays localized to my head.

Hair concerns - None really, I am happy with the state of my hair

Climate - Hot, humid, subtropical

Everyone that has raved about this product is absolutely on point about it. This is my second time purchasing it, obviously I was impressed with the results- hair feels softer, it smells divine, your bathroom and you will be smelling so divine after use. My only crib is that I noticed no major difference in the shine. I think my usual oiling provides better shine. However it's a great conditioner to have on days when you are not oiling your hair but just want to wash off and apply a mask. It really works wonders and hair is really soft.
